LEEDer Group

Belkis-PRO-TLSO Back Brace
Professional TLSO Flex-E-Core

Size	Anterior Panel Vertical Hgt.	Posterior Panel Vertical Hgt.	Over All Height Posterior Panel	Product Code
Small	6"	11"	19.5"	BELKIS-S
Medium	9"	11"	20.5"	BELKIS-M
Large	9"	16"	23.5"	BELKIS-L

Bullets:

- PRO-BELKIS: Professional Belkis TLSO Custom fits with Flex-E-Core Technology
- All Sizes fit up to 52 inch waist
- Dual Non-Stretch Straps fit new code requirements
- Professional Belkis Back Brace System allows user to easily make adjustment for comfort fit after first fitting
- Unloads discs, vertebrae and other spinal structures by non-stretch, low pressure compression of the vertebral assembly
- Helps immobilize spine thereby stabilizing weak or injured structures and deformities stabilizing the lumbo-sacral spine; facilitates healing of injuries or after surgical procedures; reduces pain
- Belkis-PRO-TLSO: a BOC Orthtist design for TLSO 2 Mod symphis-xipho
- Flex-E-Core combines Ferrous Alloys laminated within lightweight copolymer plastics forming composite panels (anterior and posterior) which are malleable with high tensile resistance
- Flex-E-Core panels allow "hands on" custom fitting with near unlimited adjustment
- Soft and comfortable with Easy Don-DoFF Quick Release Access
